

# Jailer-of-the-mind

September 11, 2022

generated like a movie  
it is this world of mine  
we are all dictated by the jailer-of-the-mind  
what she may let's try  
our future written by the jailer-of-the-mind  
a projection of the mind  
our luck be driven by the jailer-of-the-mind  
we hope to deceive the jailer  
by playing tricks on the mind  
this jailer accuses me  
with the wrongs I must right  
is this jailer I speak to  
another projection of the mind  
can for a chance or reason  
get him to get drunk  
may his flail be softer  
on the flesh of mine  
can no cunning or reason  
deceive this cunt  
can some help be borrowed  
from a friend of mine  
I beset you people  
do you hear all, this jailer like I  
does it makes more reason  
no jailer to be had
