

# PASSING-A-FLAME

Tomás Natal Aragón

February 12, 2023

Started with this flame and thus it will end  
I am not afraid of stumbling in the dark  
I am afraid I must  
Weakness shall be cleansed by the night  
Strength destiled and purified  
Change optimized and thoroughly lived  
I shall sing with golden wings  
A saga of some men  
That discovered fire yet again  
An inner flame that burned their flesh  
Yet outlived, to find strenght  
Not in them, but their seed  
They were pure, were clean  
This man dyed passing that flame  
But was gifted nontheless  
He had glory nonetheless
