

KEEP-SEEING-ME-EVERYWHERE

Are we the last to walk and breath
Are we the fist
How can I tell the stories I been hearing
Are to be believed and retold
How to know there is anything outside these feelings
That I may rely on
That these feelings are caused by something outside at all
Or is it me the reason, they are at all
That is people live, I, live; inside-towards-outside
And outside is me, that's all
