

# NOTHING-KING

The fact of being named a king  
With nothing of value to your name  
Such a bad joke, in such poor taste  
The only thing you get is hate  
You also get the loughs  
Appear in a niche book or two with some luck  
Is all that that surname will yield  
A life of horror, I don't complaint  
Because with this flame, I am content  
I can move mountanis  
That's all I have, in a good day
